

AUDIO

Public Address/Voice Alarm

1. PA/VA – Certified Evacuation and Public Address Systems

Brand: LDA AudioTech – Manufactured in Spain

Standards: EN 54-16 / EN 54-4

Applications: Shopping centers, airports, hospitals, schools, tunnels, corporate buildings

Web: www.lda-audiotech.com

Projects requiring regulatory compliance for voice evacuation and critical announcements

Key technical features:

Multi-zone distribution with message priority

Self-diagnosis and automatic line monitoring

Integration with fire and access control systems

Redundant communication and emergency operation

Remote control via LDA NEO Control or SIME software

Competitive advantages:

- ✓ European EN54 certification
- ✓ All-in-one solution (amplification, matrix, monitoring)
- ✓ Scalable and modular
- ✓ Low maintenance
- ✓ Intuitive interface for security operators
